Canada's Diamond Coach – Adele Alfano

A Cut Above - Recognizing Your Valued Carats

In each person there is a priceless treasure that is in no other. Making room for differences leads us *not* to dead ends, but open doors to many possibilities. This lively, upbeat and interactive keynote will demonstrate to audience members the benefits of unearthing our own personal hidden gems and discovering these qualities in others. Participants will have an opportunity to join Adele in a mining expedition to explore and uncover one's inner treasures. Much like a diamond miner, you will be given a tool-box of Adele's originally crafted tools and instruments. Nurture your soul, cultivate your personal goals, embrace a culture of change, lighten up your attitude and especially will put 'you' back into yourself!
